

PE and School Sport

March 2017

As part of the 'Olympic Legacy', up until the academic year 2019/2020, the Government is making available to all schools a sum of money annually to allow them to continue to develop sports provision within school and to help schools increase pupil participation in sporting activity. This money presently equates to £8000 per school per year plus an additional £5 per child in years 1-6. For our school this means £8,765 for the 2016/2017 academic year.

At Willow Brook Primary School, we recognise the contribution of PE to the health and well-being of the children. It is considered that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all children.

This provision in PE is constantly under review and is monitored by Miss Johnston (PE subject leader) as part of our routine school monitoring processes.

Curriculum Coverage

At Willow Brook, the PE curriculum is varied and provides children with opportunities to challenge themselves and understand the importance of a healthy lifestyle. So far this year the children have covered the following PE areas:

Class R – Dance, Gymnastics

Class 1 – Dance, Multi-skills (co-ordination and movement), Multi-skills (Throwing and catching), Gymnastics

Class 2 – Dance, Swimming, Multi-skills, Gymnastics

Class 3 – Dance, Swimming, Handball, Gymnastics

Class 4 – Dance, Rowing

Class 5 – Dance, Hockey, Tennis, Basketball, Gymnastics

Class 6 – Dance, Netball, Gymnastic Apparatus

Teachers and providers will be in touch to let you know further details where necessary. Charges apply for some activities. There will also be plenty of outdoor sports competitions taking place this term. Miss Johnston and Mr Jones will be inviting many children to take part in these events as and when required. The extra-curricular activities offered will change on a termly basis and a new timetable will be issued in the spring term. Outside providers provide music lessons for guitar, drums, ukulele, keyboard, clarinet, saxophone or flute. These take place during the school day and charges apply. Please contact the school office for further details if your child is interested in learning to play an instrument.

In addition to the clubs provided the children also have the opportunity to represent the school at a variety of different festivals and competitions across the year. To attend these festivals we pay a fee give us access to the full range of opportunities for the children. As part of this fee, training is provided at 3 points in the year for Miss Johnston to keep up to date with changes in the PE curriculum and updates for staff CPD.

Action Plan for 2016/2017

Based on reviews of our PE curriculum and sporting provision at the beginning of 2015, the following priorities were outlined as areas of development for the year ahead. Please see additional Action Planner 2016/17 for more detail.

- To improve the CPD of class teachers and school staff.
- To increase participation of children in physical activity.
- To raise the profile of PE and Sport throughout the school.

- To offer a broad curriculum across KS1 and KS2
- To ensure quality equipment is provided for curriculum coverage.

Participation Levels

Since September 2015, pupil's attendance to school sport clubs and events has been tracked by Miss Johnston to look more closely at children's participation levels in school sport. As a school, we can use this information to identify gaps in our provision and how we can use the Sport Premium Budget to its maximum potential. Below is a brief outline of the data that has been collected up until March 2016.

School Club Attendance data

Percentage shows the amount of children that have attended 1 or more school sporting clubs so far this year.

	March 2015/2016	March 2016/2017
Reception	0%	76%
Year 1	58%	57%
Year 2	53%	64%
Year 3	42%	43%
Year 4	53%	53%
Year 5	69%	83%
Year 6	76%	88%

School Competition and Festival Attendance

Percentage shows the amount of children who have represented the school at a sporting completion or festival so far this year.

	March 2015/2016	March 2016/2017
Reception	0%	0%
Year 1	35%	33%
Year 2	37%	44%
Year 3	68%	53%
Year 4	89%	67%
Year 5	63%	77%
Year 6	76%	94%

Our data shows a comparison to where we were at this point last year. In nearly all year groups we have seen an increase in participation levels for our school club activities, particularly in our younger year groups. More clubs have been offered and advertised to parents. More clubs are planned ready for the summer term with a particular focus on those children who have not attended.

With our completion data you can see that we have been attending a more varied selection of competitions for our older children which has increased the levels of participation in these festivals. The year 3 and 4 percentages are lower than the previous year due to a change in the schedule of some events. Events have been scheduled to run at a later time in the year and this has therefore had an impact on our percentages for March 2017.

Impact so far

- Sport funding has given access to a multi-skills and dance club for our younger children, which has run up until February 2017.
- Gymnastic apparatus have been purchased installed to further our gymnastic teaching. Teachers are teaching gymnastics based on our CPD guidance from last year and most year groups have good quality gymnastic lessons being taught.
- Tracking data clearly shows groups of children who have not attended any sporting events of clubs so far this year.
- Currently on target to achieve the Sainsbury's school games Bronze award in the summer term.
- Dance CPD has been given to all staff in Years 1-6 from September 2016-March 2017. This has given staff a better understanding of the teaching of dance and how to include it in their PE planning over the next few years.

Areas for development March – July 2017

- Excel coaches to work with teachers to develop invasion games, particularly Tag Rugby to the Summer Term.
- Invasion after school sports club to be provided for Years 3, 4, and 5 to increase their participation levels
- Continue the process to appoint a Sport Apprentice for the year 2017/18
- Sarah Johnston to look into further training for teachers that attended swimming lessons to improve their CPD.

Breakdown of Costs September 2016 – March 2017

Excel coaches and after school clubs – £2300

Gymnastic Equipment - £1344

Rushcliffe Sport Partnership - £700

Basketball Competition - £88

Rushcliffe Football Competitions - £60

Supply Cover CPD courses - £121
