

Janet & Allan Ahlberg
FUNNYBONES

Reception work booklet
Week commencing 1st June 2020

Activities for Week June 1st 2020

This booklet contains all the work we will be covering at school this week. Feel free to dip in and out of the activities. The timetable shows a suggested teaching pattern. Don't forget to keep a daily diary like us at school. As always I would love to hear about any of the projects you've created, so feel free to take lots of pictures to email to me.

Reading Tasks

1. Read the copy of Funny Bones together and talk about the story topics
2. Draw a picture of your favourite part and write sentence about it.

Writing Tasks

3. Label the skeleton
4. Story planning, where did the skeletons go?
5. Sentence writing, draw and label your skeleton adventure.

Speech and Language Tasks

6. Singing and perform 'dem bones'

Maths Tasks

7. Compare lengths of different objects
8. Compare longest and shortest
9. Finding things taller and smaller than you
10. Compare family members
11. Counting games to play

Understanding of the World

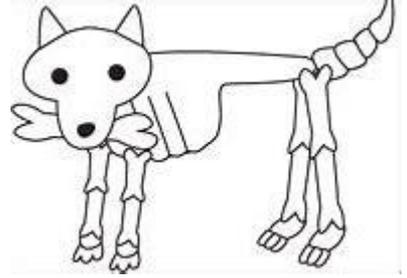

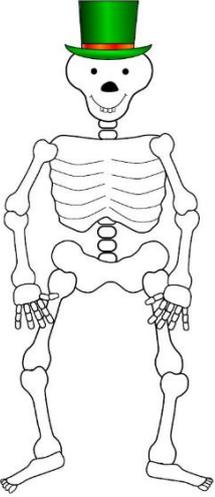

12. How do we stay healthy?
13. Design and create a healthy lunch.

Get creative

14. Create a split pin skeleton.

1. Funny Bones

Read the story or watch it on youtube.

<https://www.youtube.com/watch?v=Cfpk8QEhK1c&list=PLyQYDeMT9rIXgm2I5rDYKKCAn-rU-Ve57>

Once you have read the story once, read it again and talk about the story topics

Talk about the story with your child. You might use these questions to discuss the characters and setting...

Who are the characters in the story?

Where does the story happen? What time of day is it? Why?

Where do the skeletons live?

What do the skeletons get up to in the story?

Where do they go?

What happens at the end?

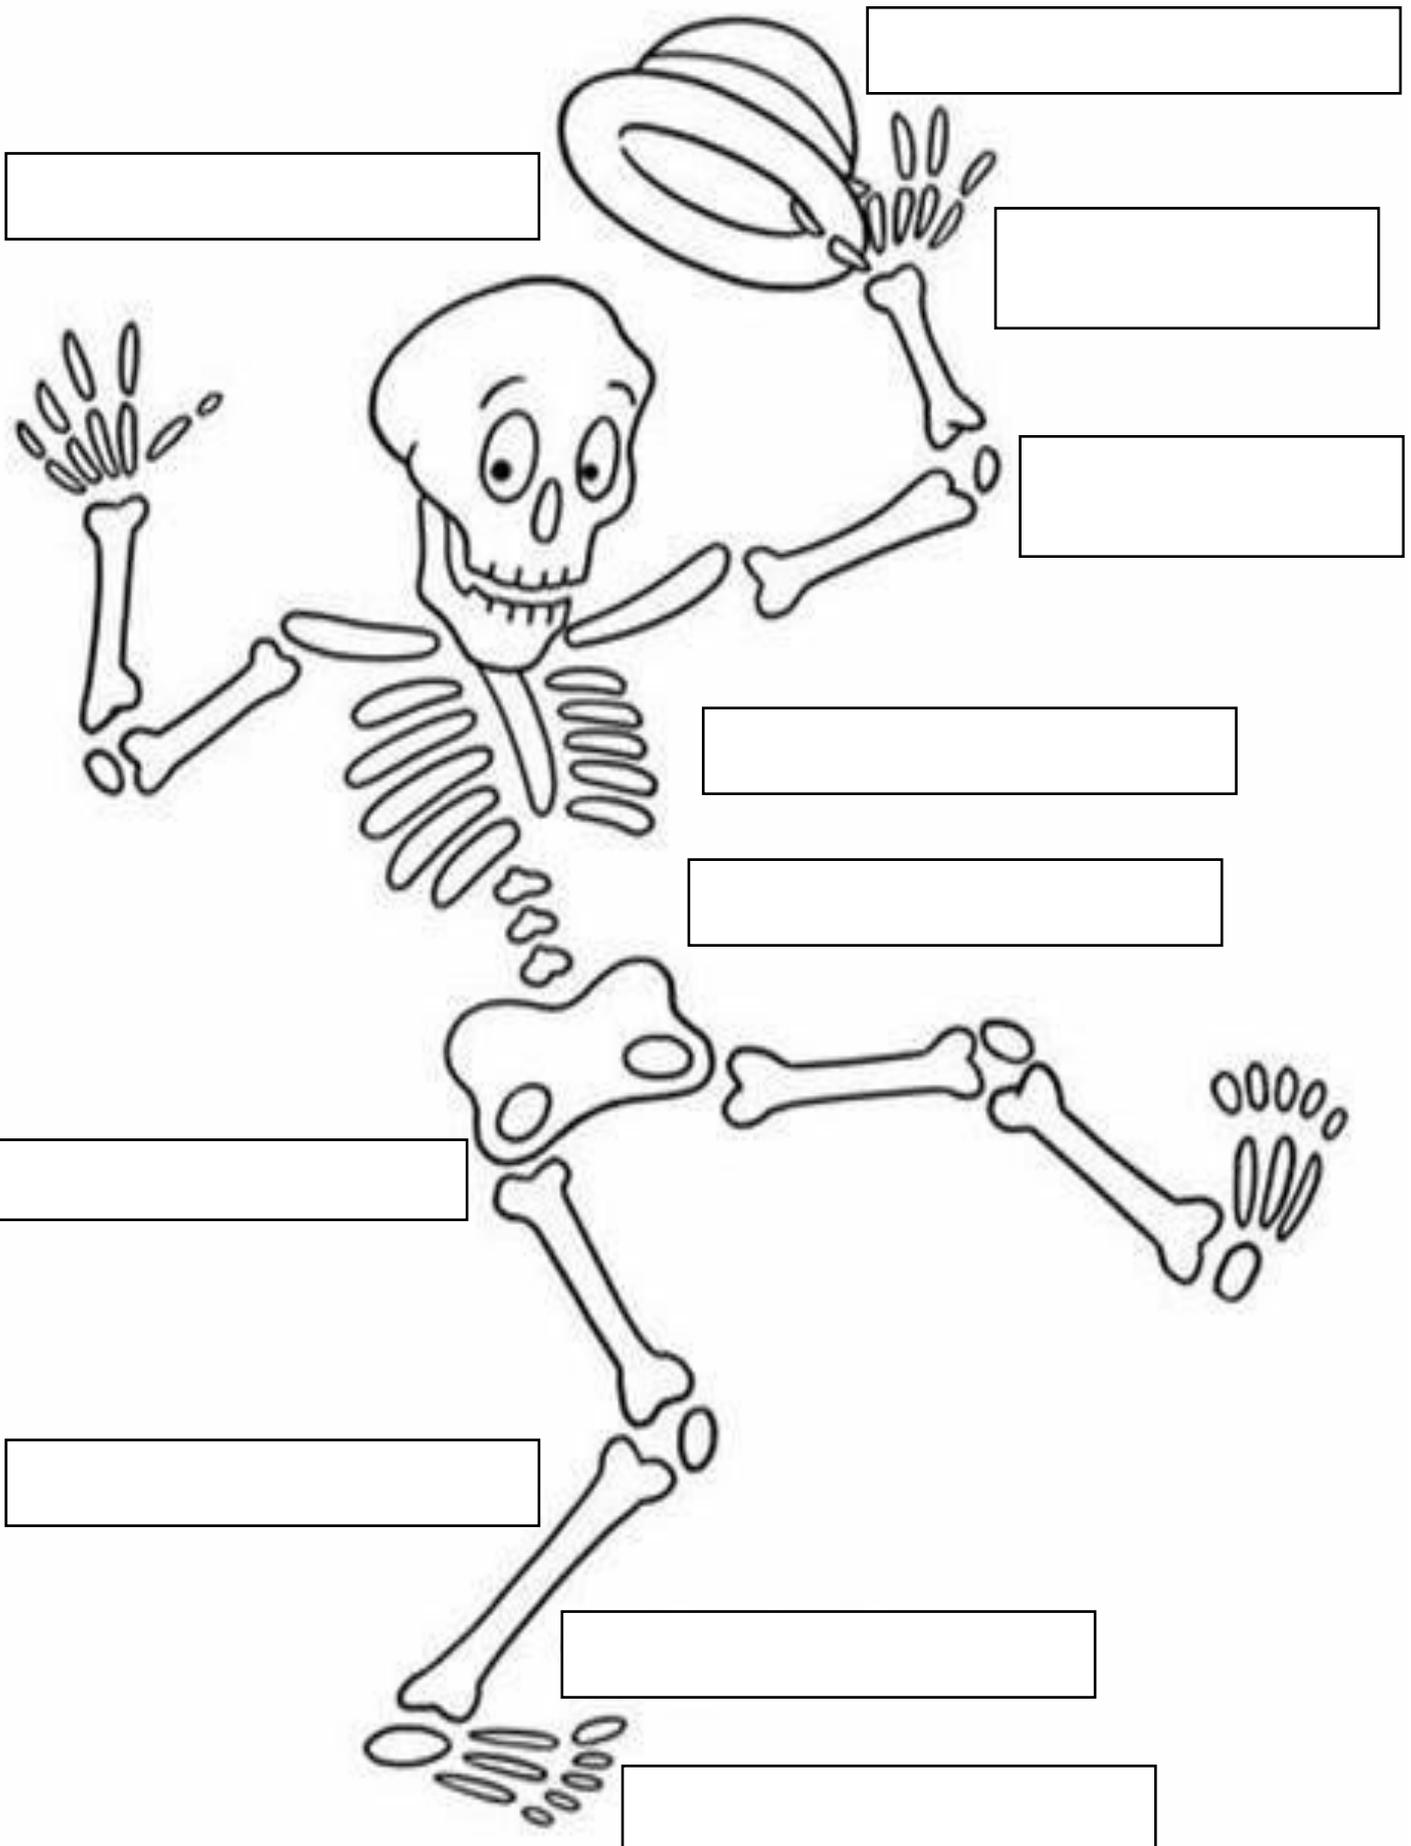

Do you like the story?

What are skeletons?

2. Draw your favourite part of the story and write a sentence about it.

3. Label the skeleton

Skeleton words to help you...

skull

finger

elbow

rib

foot

toe

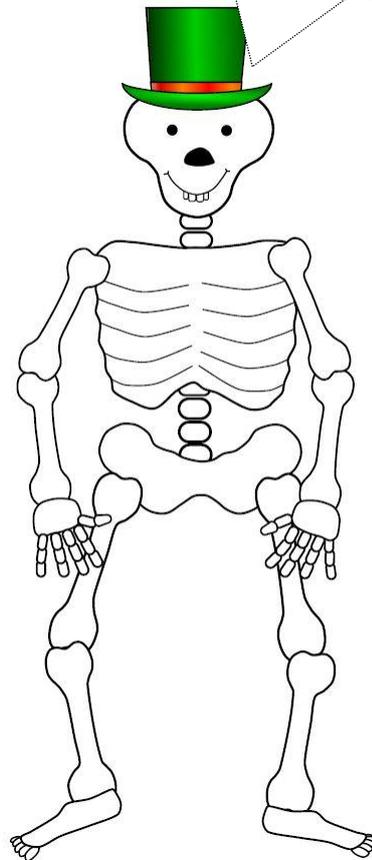

hand

back

hip

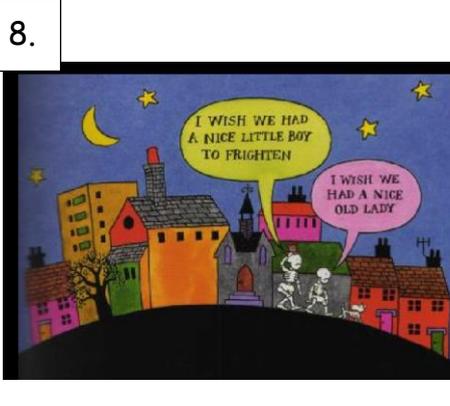

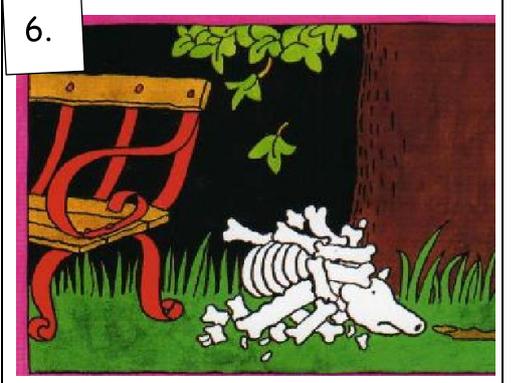

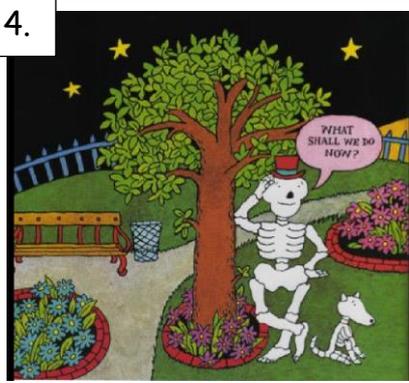

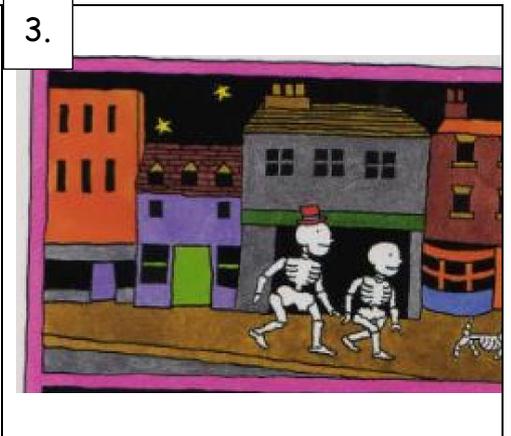

leg

Remember to use the skeleton song in the story to help you with some of the labels.

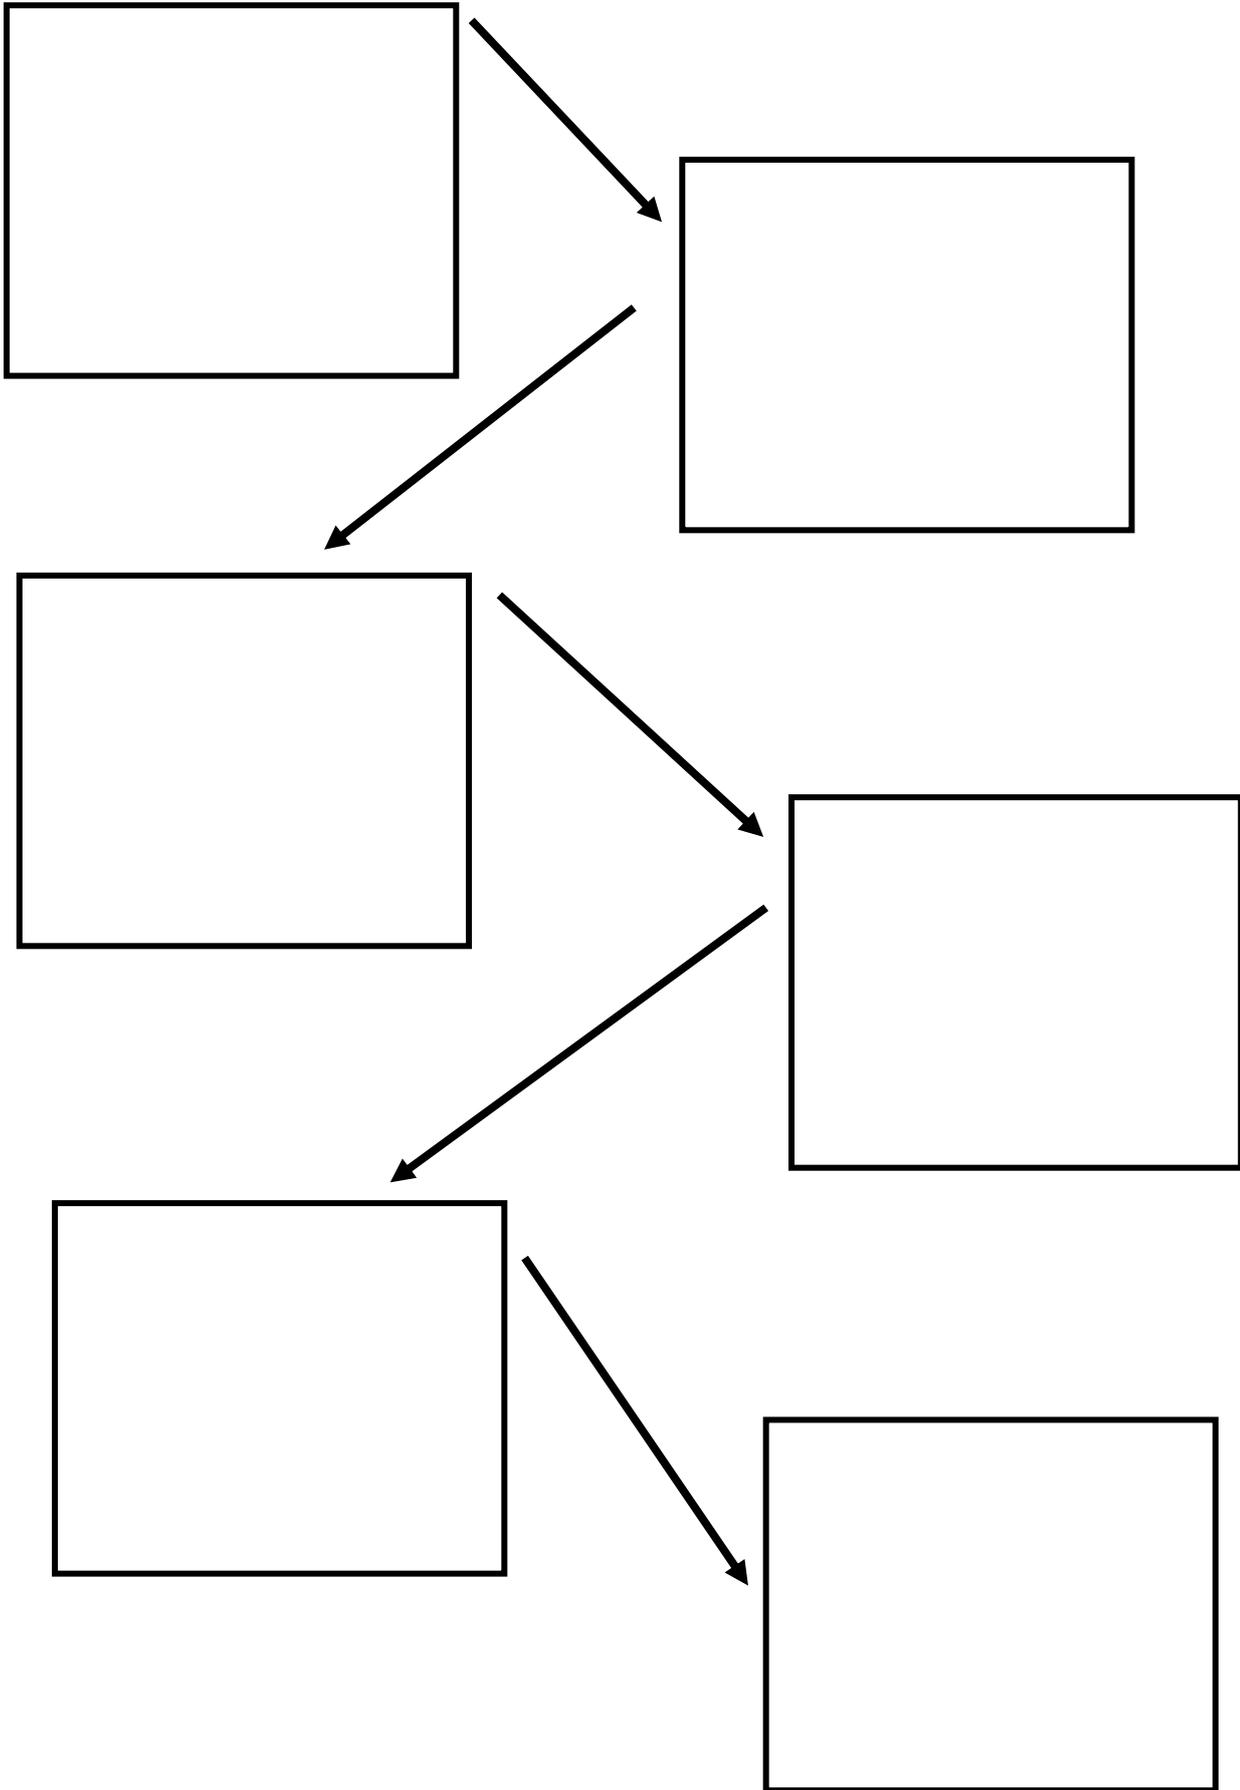

4. Story plan, where did the skeletons go?

Read the story together, where did the skeletons go? Can you retell the story in your own words? Can you write a sentence for each picture?

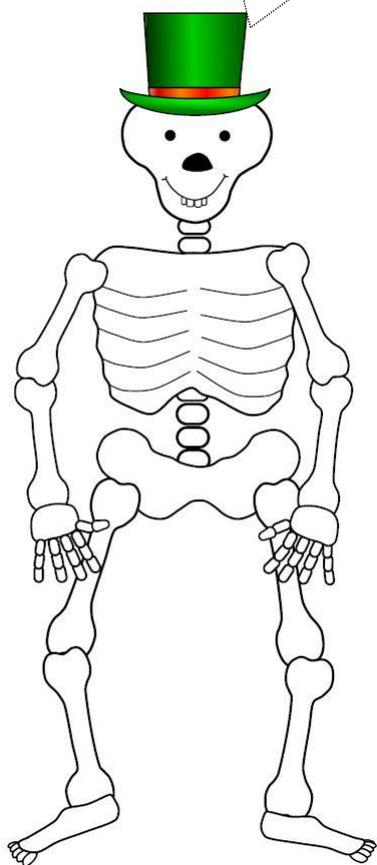

5. Sentence writing, draw and label your skeleton adventure.

6. Singing and rhyming Dem bones

All the skeletons
enjoy singings songs
together. Can you
learn and perform
Dem bones?

<https://supersimple.com/song/skeleton-dance/>

In the story there are other songs the skeletons sing. Can you read these together? Perhaps make up actions or learn them off by heart and perform them to family members?

7. Compare lengths of different objects

Can you find and compare some objects. Draw these in the correct boxes.

← Longer objects →	← Shorter objects →

8. Compare longest and shortest.

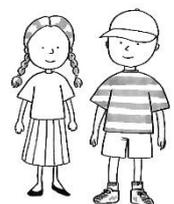

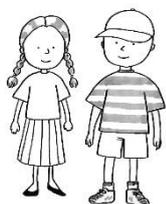

Cut out the pencils (see last page) and order them from longest to shortest.

9. Finding things smaller or taller than me

Draw objects that you find which are either smaller or taller than you in the boxes below.

Taller

Shorter

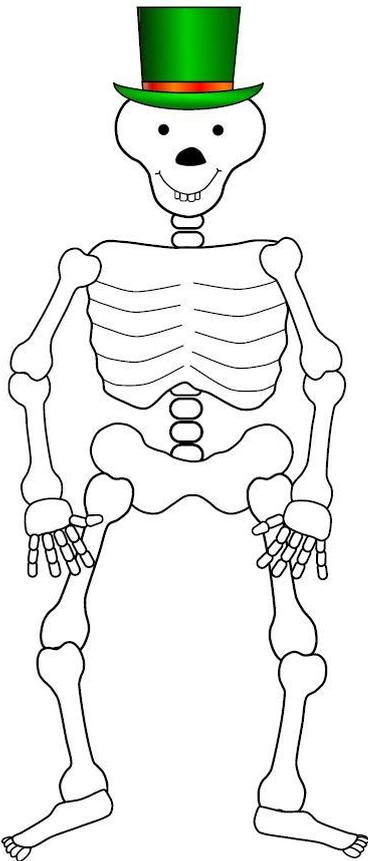

10. Comparing heights

Looking at the people around you can you draw them from tallest to smallest?

11. Counting games

It is always good to do some quick counting games each day. Here are some ideas... have fun!

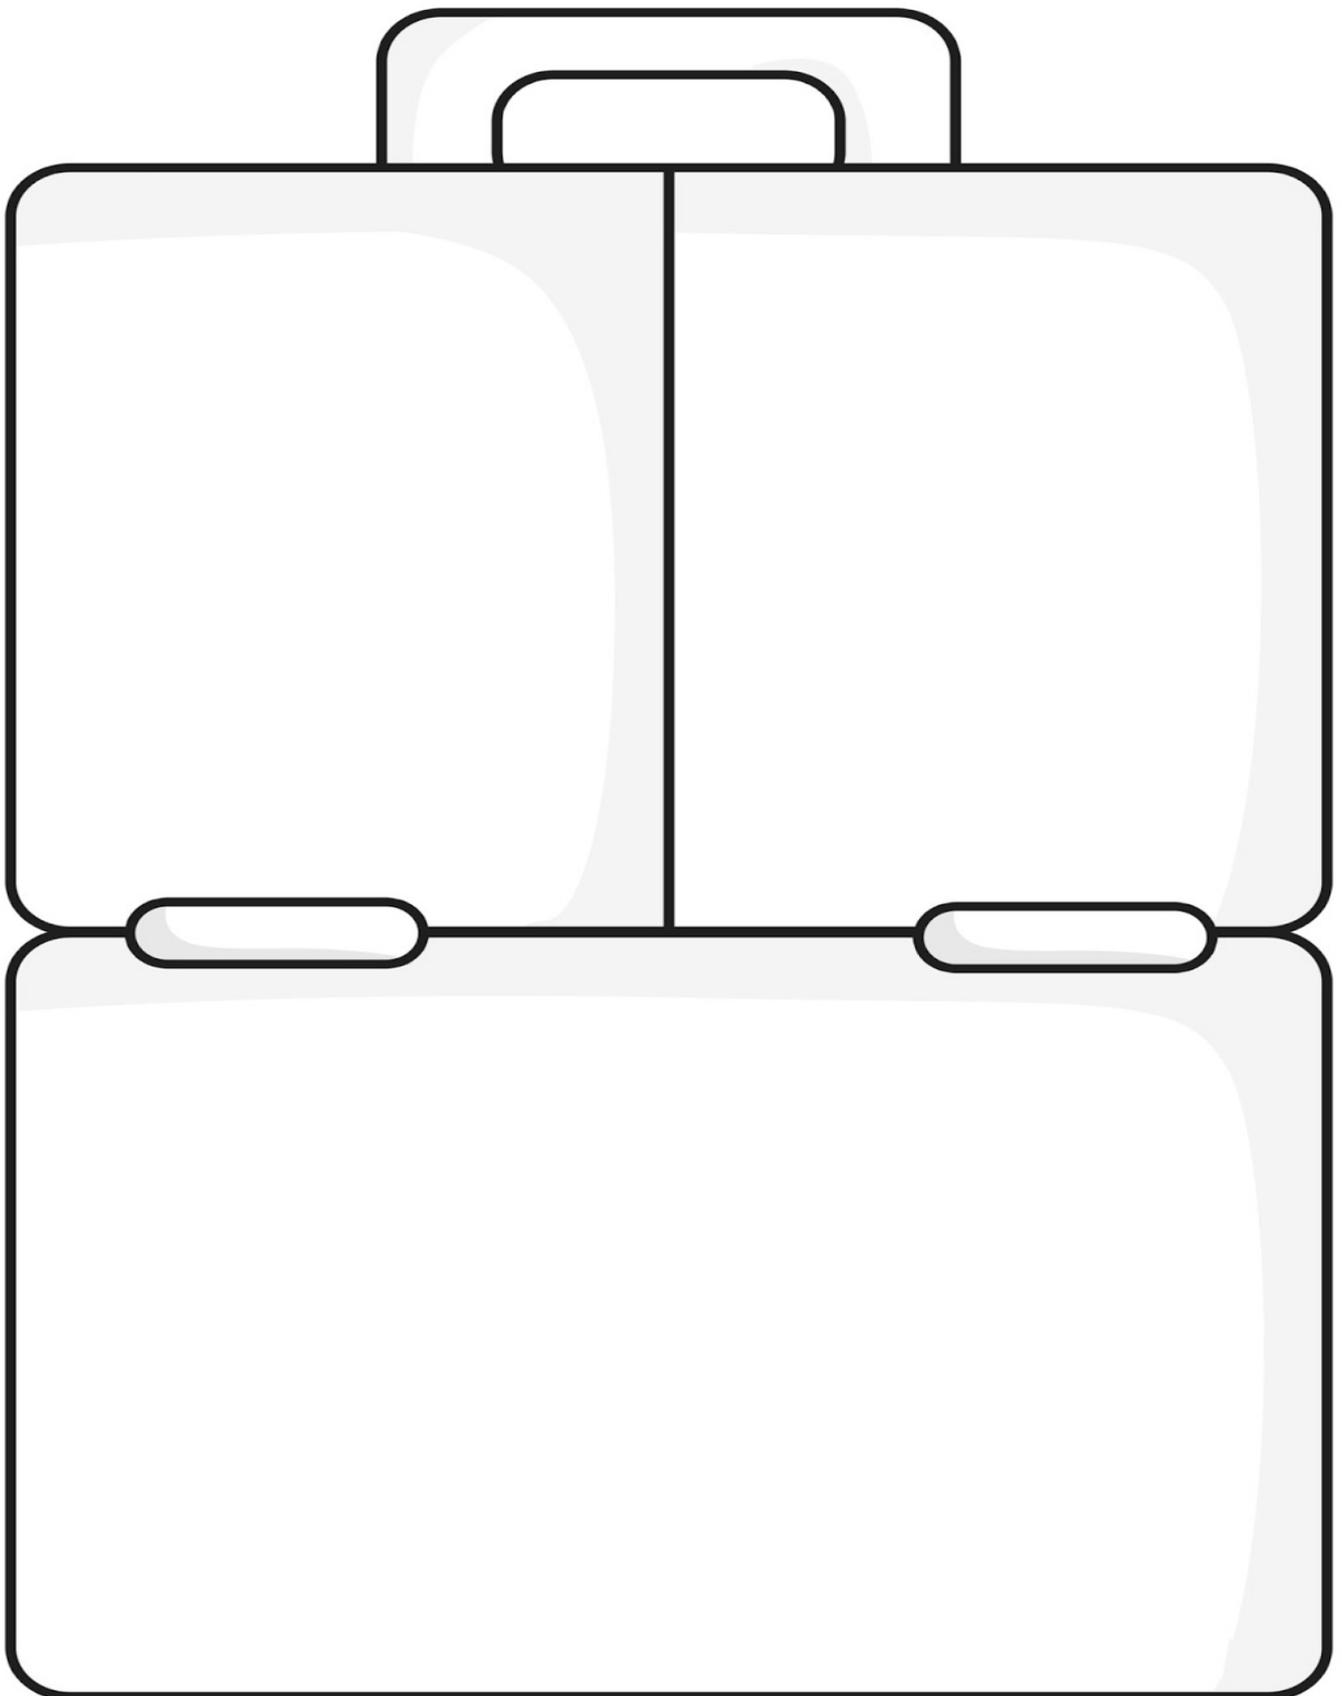

- If I saw a number can you draw that number of spots? E.g. 10. You would have to draw 10 spots.
- There are lots of skeletons in the book funny bones. Can you count how many bones each skeleton has?

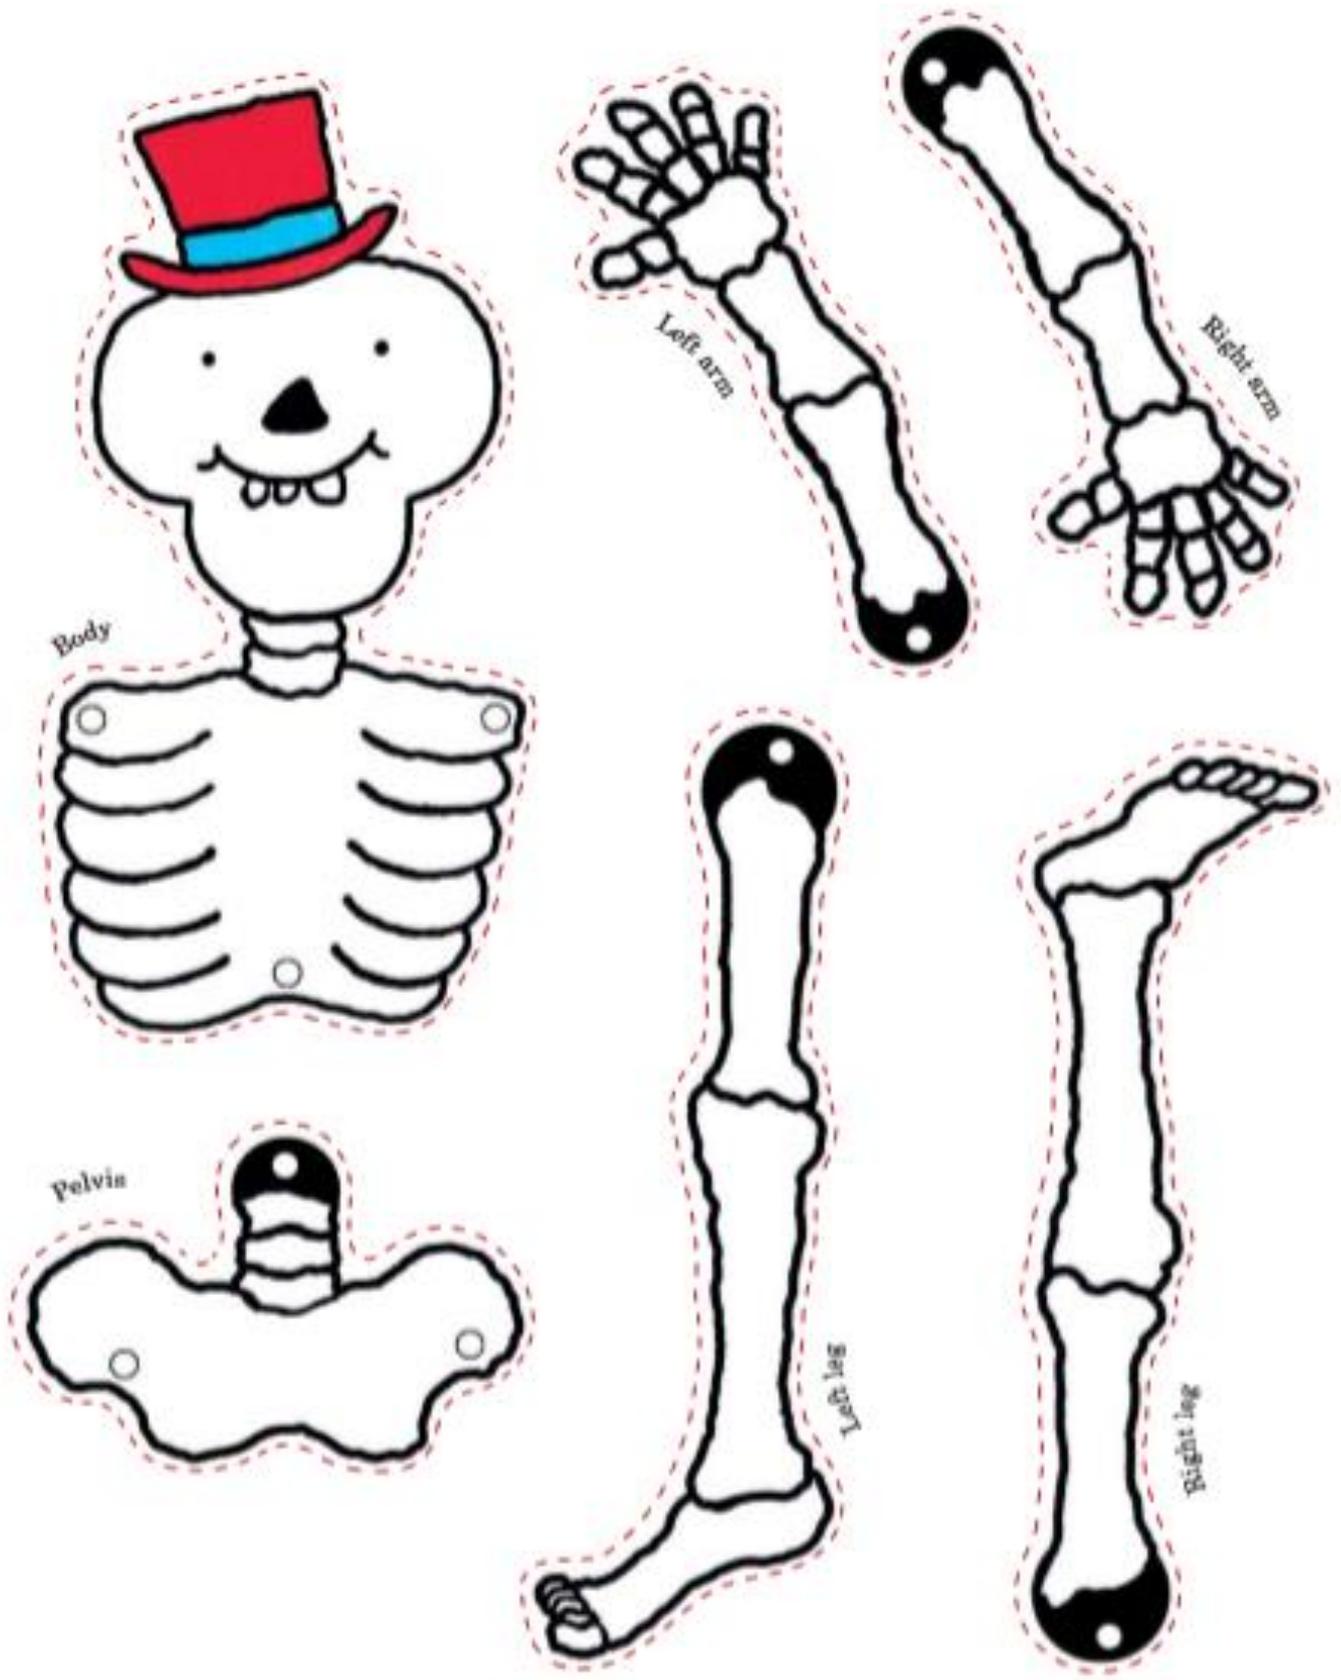

- If I say a number can you draw a skeleton with that number of bones?
- I say a number can you find that many objects as quickly as you can.
- Stand up, sit down, if my number adds up to 10 you have to sit down, anything else stand up. E.g. $7+3=10$ sit down, if I say $2+5$ you would stand up.
- Bigger or smaller. If my number is bigger than 10, stretch up tall as high as you can, if my number is smaller than 10, make yourself as small as possible.

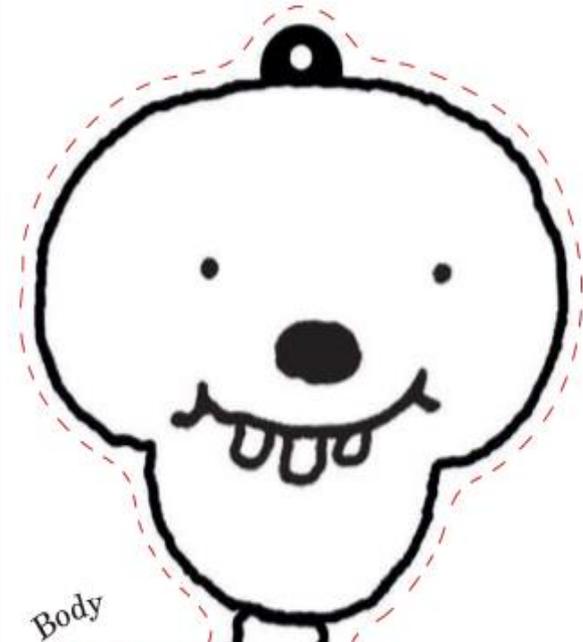

13. A healthy lunch

It is always important to have a healthy lunch. Can you design a healthy lunch for you or a family member? Maybe you could make it for them another day?

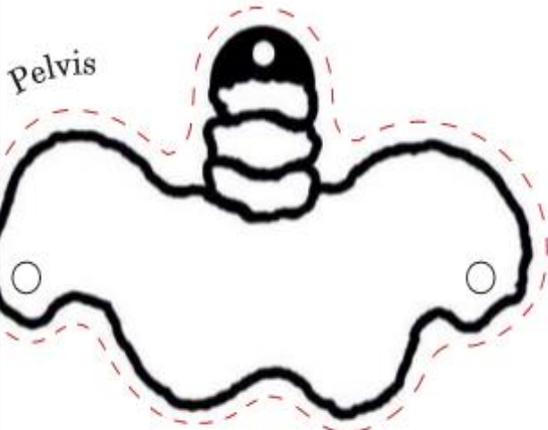

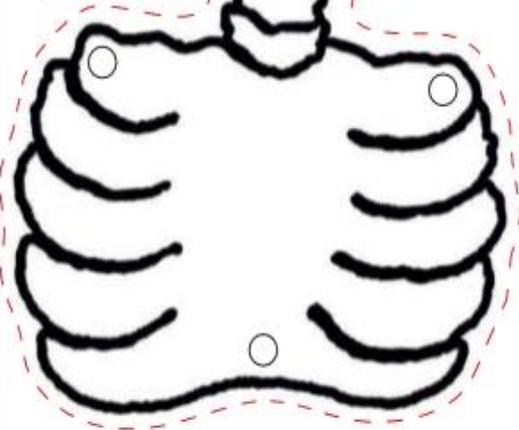

14. Split pin Skeleton

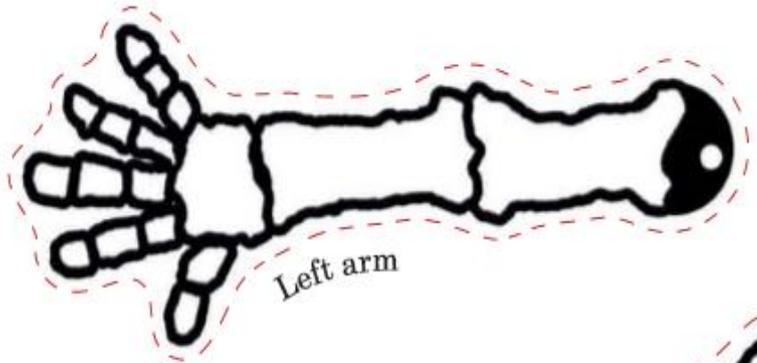

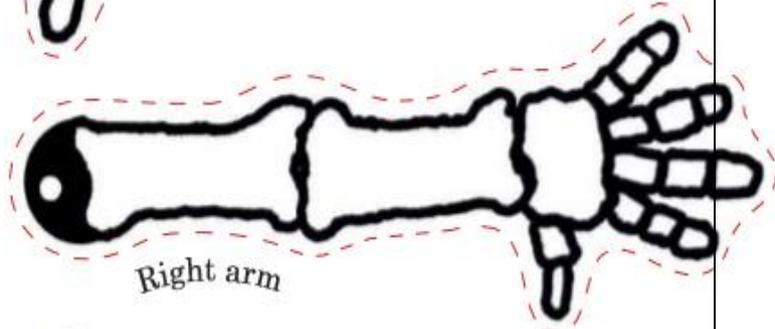

Body

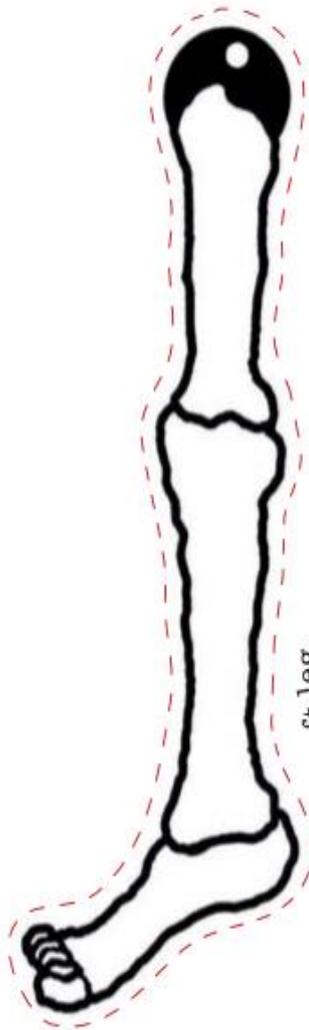

Pelvis

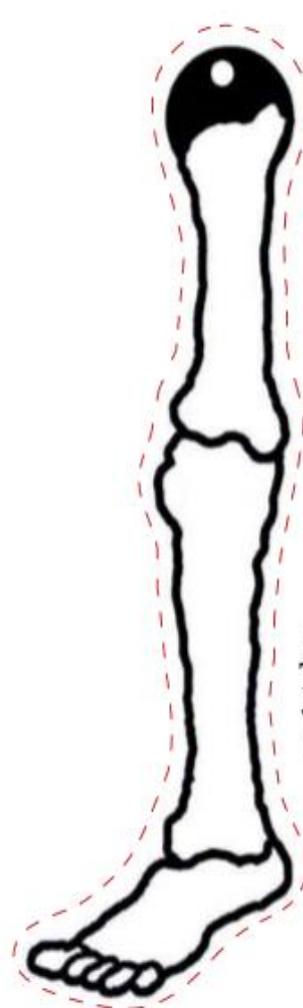

Left arm

Right arm

Left leg

Right leg
