

Hello my lovely Class!

This week, you have a wonderful English booklet to explore.

Maths

For Maths I would like you to look at <https://nrich.maths.org/> its a fantastic website which has some marvellous interactive games.

I would like you to go on to the Primary Student Homepage and click on Activities and Games.

Explore the Games section.

This game will keep your times table knowledge sharp!

<https://nrich.maths.org/1252>

Have an explore of any other games you find and make sure to tell me what you've discovered.

I know you will really enjoy it!

Science

You are going to be looking further at the Digestive System this week.

Go to BBC bitesize and have a look at:

<https://www.bbc.co.uk/bitesize/topics/z27kng8>

There are 5 fantastic activities to complete.

It would be wonderful to see some illustrations of what happens in the intestines as we digest our food.

Be creative as you can.
