

A Willow Brook Friday!

Dry yourself down, relax and fly me to the Moon...

Assembly

Start your morning with the Friday assembly. Forgive my amateur science and lack of articulate explanation (and a few blurred camera shots) but let me tell you what I've discovered and show you the new 5 Seas...

My World

You've landed on the Moon... the Sea where you find yourself is just as its name suggests. Where are you? What's it like and what happens?! Use the real map of the Moon to find your way to somewhere safe. This could be the start of a new sci-fi novel....

Art

A new moon flies in to orbit the Earth. Design the near side – invent your own Seas and make your own map.

From Mrs Ballard 😊
