

Tricky Brainteasers

Match the events to the approximate times they happen.

Can you show the time on your clock?

9 o'clock

Lunchtime

Half past 10

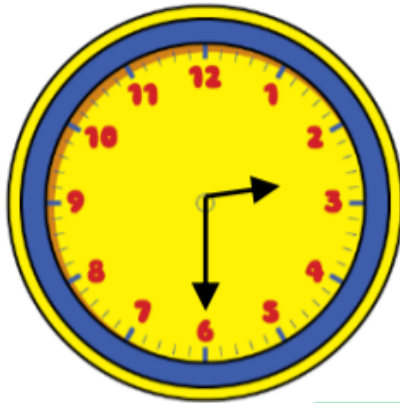

Go to school

12 o'clock

Home time

Half past 3

Playtime

Who is telling the time correctly?

Dora

The time is half past 6

The time is half past 3

Amir

Alex

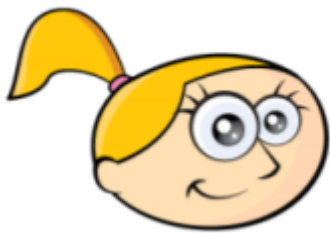

The time is half past 2

Can you spot the mistakes they've made?

It is half past 11 so the hour hand should be on the 11

Is Alex correct?
Explain your reasoning.

Eva

The day starts at 12 o'clock and ends at 12 o'clock.

Here are Eva's calculations for working out how many hours there are in a day.

12	6	12	6	12
1	7	1	7	
2	8	2	8	
3	9	3	9	
4	10	4	10	
5	11	5	11	

I counted them up, and there are 25 hours in a day.

What mistake has Eva made?

Four lots of 5 minutes is the same as quarter of an hour.

Do you agree with Rosie? Explain why.

Match the bars to the times.

60 minutes

60 minutes 60 minutes

60 minutes

60 minutes 10

90 minutes

70 minutes

120 minutes

2 hours

1 hour

Oh no! The minute hand has fallen off the classroom clock!

Lunchtime is at 12:00

Have the children missed their lunchtime?
