

My Family

Families are different because some have allergies like joy's. Some families are different to others because some are in a wheel chair and some aren't. Families are different because people speak different languages. Families are different because some have dogs, cats, hamsters and some don't have a pet. Some families are different because some have strange skin.

My Daddy loves to surf like like me My granny lives in south Africa and like to visit there. My mum-my's daddy has a dog and I have a dog our is called Rufus and theres is called rusty
