

Monday 11th January

I can recognise number bonds and use these to complete additions.

How many ways can you add 2 numbers to make 10?

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

How many ways can you add 2 numbers to make 20?

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

Use your understanding of adding to 10, to write ways of adding 2 numbers to make 100.

$$\underline{\quad} + \underline{\quad} = 100$$

$$\underline{\quad} + \underline{\quad} = 100$$

$$\underline{\quad} + \underline{\quad} = 100$$

$$\underline{\quad} + \underline{\quad} = 100$$

Use your knowledge of number bonds to help you add these 3 numbers.

$$4 + 6 + 7 = 17$$

$$3 + 9 + 1 = \underline{\quad}$$

$$30 + 70 + 40 = \underline{\quad}$$

$$8 + 2 + 9 = \underline{\quad}$$

$$20 + 30 + 80 = \underline{\quad}$$

$$2 + 5 + 5 = \underline{\quad}$$

$$10 + 90 + 50 = \underline{\quad}$$

$$1 + 9 + 3 = \underline{\quad}$$

$$60 + 40 + 20 = \underline{\quad}$$

$$6 + 8 + 4 = \underline{\quad}$$

$$50 + 10 + 50 = \underline{\quad}$$
