

Monday 25th January

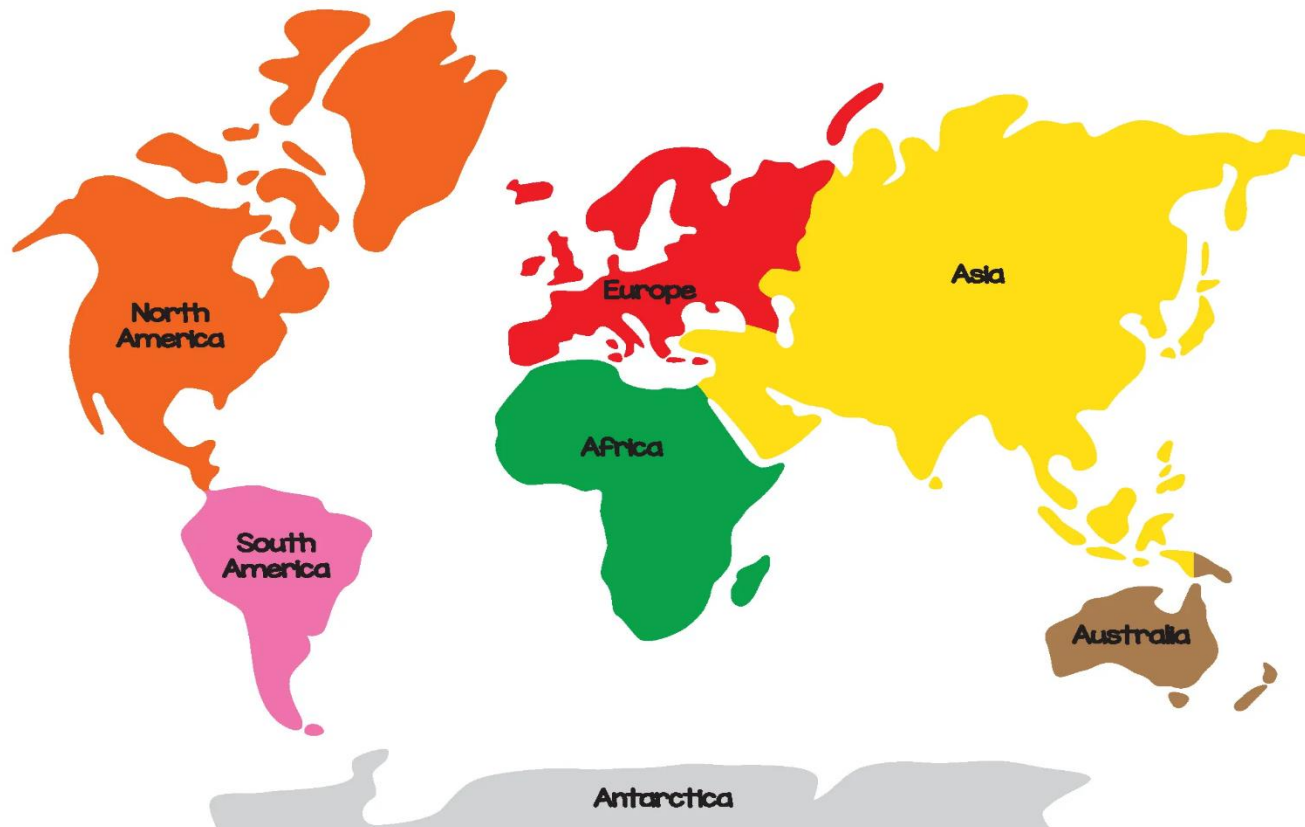

LO: To name and locate the 7 continents and 5 oceans.

Below is a map of the world showing the 7 continents.

Part 1: Can you list the 7 continents?

Your task after this is to find a way to remember them all!

Can you list them in an order that will help you remember them? Or think of a rhyme or a rap? Get creative and share your ideas! There are some ideas of songs and rhymes on Google.

Challenge:

Research ONE continent and make a fact file.

Information you could include:

- The population of the continent.
- The number of countries in the continent.
- The animals found on that continent.
- The different landscapes and weather across the continent.
- Any famous landmarks or features like rivers, mountains, deserts, forests.

PART 2

This map shows the 7 continents and the 5 oceans.

Can you find and list the 5 oceans?

Can you think of a way to remember them?

7 continents map with 5 oceans

Part 3

Now can you test yourself and fill in the worksheet below?

Add the 7 continents.

Add the 5 oceans.

How many of the Continents and Oceans could you remember?

Use different colours to shade in each continent.

Continents:

1.

2.

3.

4.

5.

6.

7.
