Staying Alive

<https://www.bbc.co.uk/bitesize/clips/zg7s39q> - Is it alive?

We are surrounded by living things and non-living things.  
Watch the video above to find out more.

Fill in the table, either by drawing or writing the living and non-living things you can think of.

Alive	Once Alive	Never Been Alive

Animals, humans and plants need certain things to ensure they survive.

Watch this video to find out more.

<https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/zx38wmn>

Tell me how you would look after each one to make sure it survived. Add on some labels to the pictures telling me what each would need. Are there any similarities? What do all of them need?
