

Tuesday 12th January

I can use double pairs to complete additions.

Double the following numbers, drawing a dot picture to help you if you need to.

$0 + 0 =$ 	$1 + 1 = 2$ 	$2 + 2 =$ 	$3 + 3 =$ 
$4 + 4 =$ 	$5 + 5 =$ 	$6 + 6 =$ 	$7 + 7 =$ 
$8 + 8 =$ 	$9 + 9 =$ 	$10 + 10 =$ 	$20 + 20 =$
$25 + 25 =$	$50 + 50 =$	$100 + 100 =$	<small>Dot pictures might take you a while for the larger numbers. See if you can use your knowledge of number to work them out instead.</small>

Use your double facts to help you complete these additions.

$30 + 30 = \underline{\quad}$

$3 + 2 + 3 = \underline{\quad}$

$40 + 40 = \underline{\quad}$

$5 + 1 + 1 = \underline{\quad}$

$60 + 60 = \underline{\quad}$

$2 + 2 + 8 = \underline{\quad}$

$70 + 70 = \underline{\quad}$

$7 + 7 + 3 = \underline{\quad}$

$80 + 80 = \underline{\quad}$

$6 + 5 + 6 = \underline{\quad}$
