

Time Zones - The World!

Welcome back! You managed well working on the four time zones of the USA. The thing is that the world actually has a lot more time zones. And things aren't quite as straightforward as Sue Venir makes out on her video. You'll have to watch me to find out how...

Using this map of the world time zones, imagine it is 4pm in London. What is the time in?

Paris? 5pm

Sydney?

Moscow?

Delhi? 9pm

Perth?

Lima?

Rio de Janeiro? 1pm

Beijing?

Cairo?

Tokyo?

Lisbon?

San Francisco?

Cape Town?

Mexico City?

Mexico City?

Riyadh?
