

Wednesday 13th January

I can identify and add multiples of 10.

Decide if the numbers below are multiples of 10, or not a multiples of 10, then write them in the correct box.

60	190	34	98	20	80	32	550
103	46	10	87	82	19	40	7
30	5	35	70	26	130	873	1892

Multiple of 10	Not a multiple of 10

Using your knowledge of tens and units to help you when adding a multiple of 10 to a number.

You can use a number square to help you if you need to. Remember that each time you go down a row, its adds on another lot of 10.

$34 + 10 = \underline{\quad\quad\quad}$

$65 + 10 = \underline{\quad\quad\quad}$

$41 + 10 = \underline{\quad\quad\quad}$

$72 + 10 = \underline{\quad\quad\quad}$

$54 + 10 = \underline{\quad\quad\quad}$

$15 + 10 = \underline{\quad\quad\quad}$

$34 + 30 = \underline{\quad\quad\quad}$

$29 + 60 = \underline{\quad\quad\quad}$

$42 + 20 = \underline{\quad\quad\quad}$

$57 + 50 = \underline{\quad\quad\quad}$

Challenge Questions

$167 + 30 = \underline{\quad\quad\quad}$

$763 + 90 = \underline{\quad\quad\quad}$

$278 + 20 = \underline{\quad\quad\quad}$

$943 + 80 = \underline{\quad\quad\quad}$
