We are working on the 'Intermediate' section. Your next task is unit 3 'Je me Presente', starting with Lesson 1. This is a recap of the French we learnt in the autumn term of asking/answering "ca va?". Go through the presentation, copying the pronunciation.

Fill in the sheet below. Practice asking and answering the question with any willing volunteers at home!

There are also games you can play which will show under the presentation for the lesson. If you go to "Less Challenge" and "J'apprend le Francais", there are a selection of games to practice/learn some more vocabulary (such as number and colours).

Ça va?

Draw in how these people are feeling and write the matching phrase underneath each picture. The three phrases are provided in the box underneath to help you so use each one twice!

comme ci comme ça

ça va mal

ça va bien
