

Friday 5<sup>th</sup> March

My World - I am looking forward to...

It has been a very strange year since last March and I know that you have missed out on so much. It always helps me to look ahead and think about what I can't wait to do. People I can't wait to see and places that I can't wait to go.

The first thing I am looking forward to is having Class 2 back in school. I can't wait to see your smiles as you come into the classroom and fill the room with giggles and stories. I am looking forward to watching you play with your friends on the playground and learn our new topics.

I am really looking forward to being able to give my grandma and grandad a hug. They have always given the best hugs and I miss them a lot. Seeing them on my phone screen is just not as good. I am really looking forward to going to visit them to have a cup of tea and a slice of my grandma's fruit cake. It is my favourite.

I have big plans to celebrate Harrison's first birthday with family and friends on the garden. Hopefully we will be able to have a delicious BBQ and play some games. I think we will decorate with balloons and banners and have a chocolate cake for dessert.

My favourite place to visit is Centre Parcs and I hope when things go back to normal we can go on a little holiday. Swimming down the rapids is always such good fun and I really miss a visit to the pancake house.

What are you looking forward to when things begin to get back to how it used to be?
