

Thursday 25<sup>th</sup> February  
Publishing your story.

Take the work that you did yesterday, plus the illustrations you have done, and get to work publishing your own story. You can make your book from any combinations of the pages below. You may need the front cover plus one other page, or if you have a longer tale, then you may need a couple of writing pages to create your book.

Remember to write in your neatest handwriting, check your spellings and colour them beautifully.

We can't wait to read them.

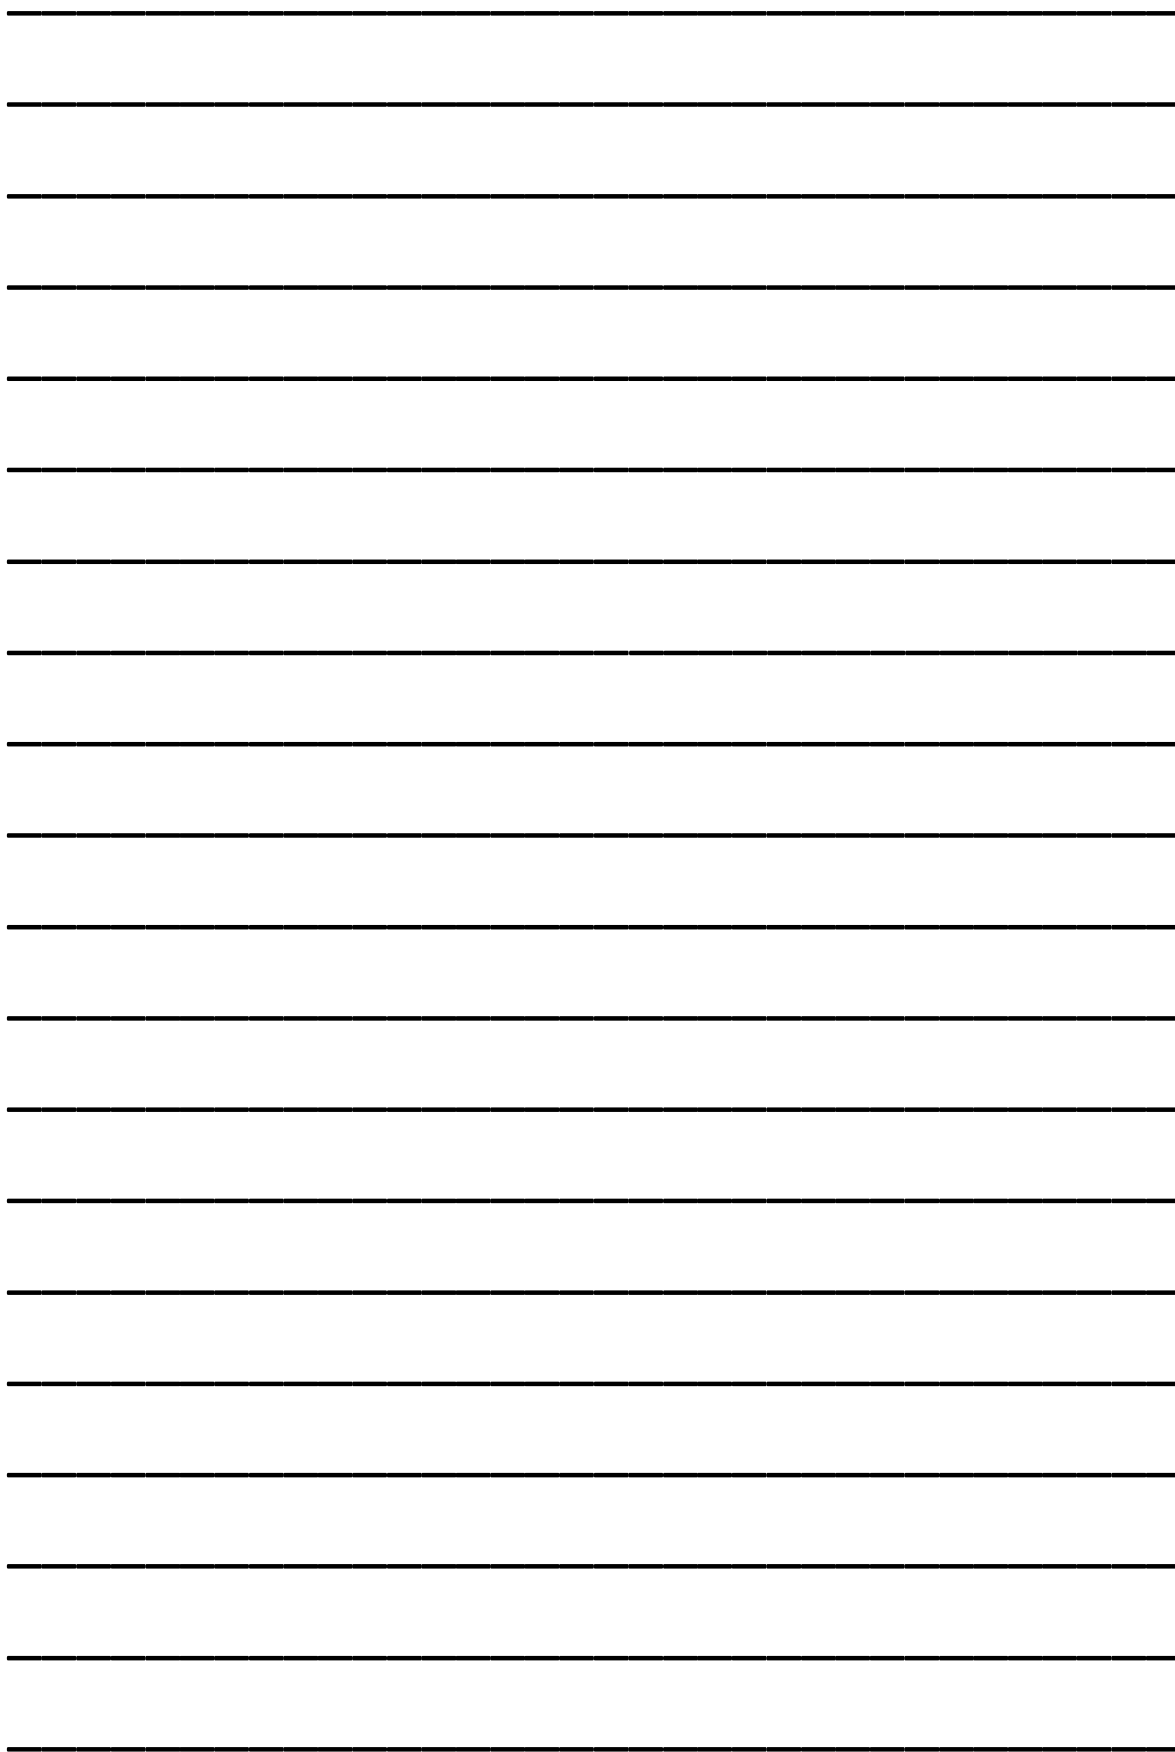

**Everyone has a story...**

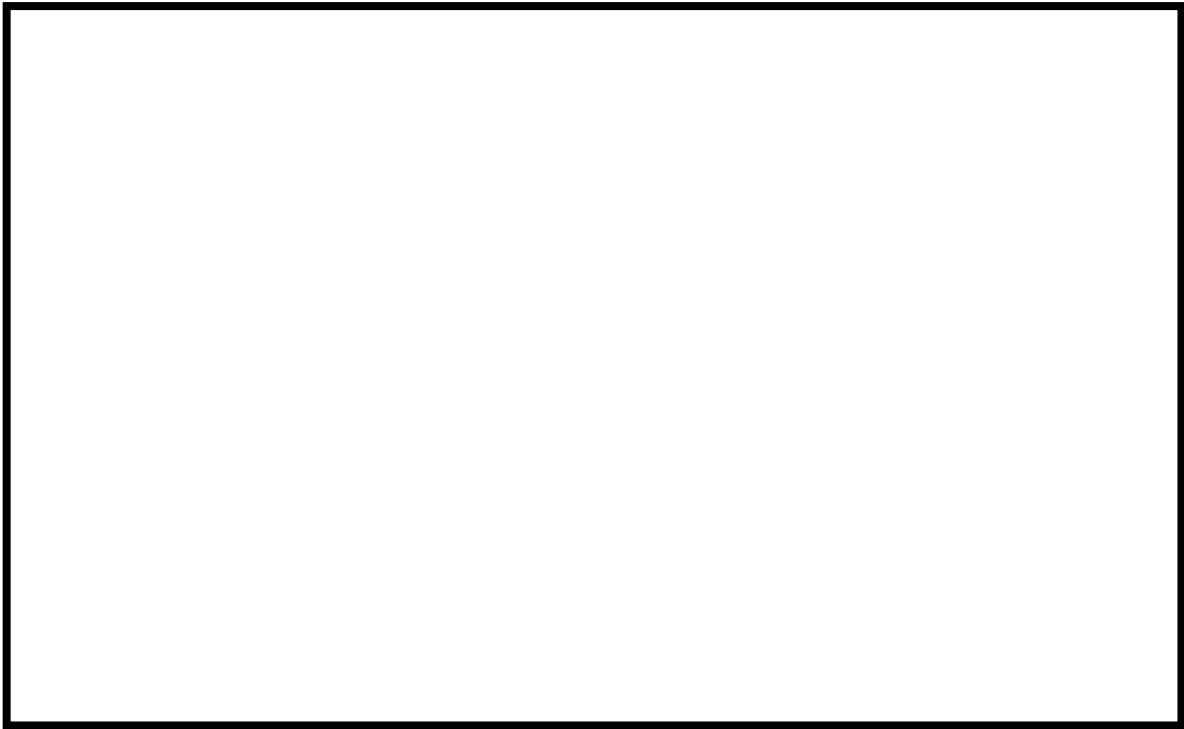

**...here's mine.**
