

We are moving onto a different science topic this half term: Light and Dark. First, we are going to focus on what we mean when we say "light"!

Go to the BBC bitesize website to learn a little more about light:

<https://www.bbc.co.uk/bitesize/topics/zbssgk7/articles/z2s4xfr>

Go on a light source hunt in your house! In each room, tell me what the light sources are...some will have more than others! I have done Class 3 as an example for you!

Name of room	What light sources are here?	Total number of light sources
Class 3	Miss Brearey's laptop Miss Brearey's screen The sun (comes through the windows) 6 fluorescent lights	9
