# Fact Retrieval Questions

**FACT RETRIEVAL** questions are about finding information from the text. Read 'A Night with a Wolf' again, then try these questions.

1) Give **one** type of animal mentioned in the poem, other than wolves.

..... 1 mark

2) Where does the narrator hide?

Careful — more than one of these is mentioned in the poem.

up a fir tree	under a pine tree roof	in the wolf's den	under a fir tree by a rock
---------------	------------------------	-------------------	----------------------------

Circle your answer.

1 mark

3) How do the wolf and the narrator help each other? Tick **one** box.

- They keep each other warm.
- They hide each other from the storm.
- They find food for each other.
- They save each other from an accident.

1 mark

4) At the end of the poem, what do the wolf and the narrator do?

.....

# Inference Questions

For **INFERENCE** questions, you need to think a bit more deeply about what's going on in the poem. Have another look over the poem, then make a start on these questions.

1) Look at the first verse.

What evidence is there that the mountain might be dangerous? Give **one** example.

.....  
..... 1 mark

2) Read the verse that begins 'The rain and...'

How can you tell that the wind is strong?

.....  
..... 1 mark

3) a) When the wolf lies by him, the narrator seems

scared	calm	hopeless	angry
--------	------	----------	-------

Circle your answer.

1 mark

b) Explain your answer, making sure you refer to the poem.

.....  
..... 1 mark

4) Read from 'There, from the blowing...' to '...the awful weather.'

Find and copy a line that shows the narrator is telling the story to someone else.

..... 1 mark

Once a Poetrydactyl starts doing inference questions, they just can't stop. Tick to show how this page went.
