

Willow Brook Primary School Curriculum Enrichment – Spring Term

At Willow Brook we believe it is important to enrich academic learning with activities, lessons and clubs that build confidence and provide opportunities to develop new skills. The timetable below provides details of what is happening during the Spring Term. Some activities are whole class lessons, some are taught by private providers and others are teacher-led clubs. As always, additional sporting events and competitions are included during the term – there's lots planned. Individual music tuition should be booked through the office. For all other activities children should receive letters to apply for the clubs on offer to them. Some clubs will have limited places. If you have any questions, please see the named teacher or contact the school office. All clubs will start week commencing 9th January unless otherwise stated.
